<b>6510-01-562-3325</b>	<b>Dressing, Combat Gauze</b>	<b>1</b>

**NSN:** 6545-01-530-0929

**Unit Cost:** \$100.00

**IFAK**

## Benefit Against the Threat

The IFAK increases individual soldier capabilities to provide Self-Aid/Buddy-Aid and provides interventions for two leading causes of death on the battlefield, severe hemorrhage and inadequate airway. These capabilities increase soldier survivability during dispersed operations and the expandable pouch allows for METT-C specific "add-ins".

## Program Phase

The IFAK has been fielded to the total force and is currently in the sustainment phase.

## Partners

PEO-Clothing & Textile, National Institute for the Severely Handicapped.

## Funding (\$M)

The RFI fielded 961,000 IFAKS, and the program has concluded. Funding responsibility beyond RFI **should** transition to PEO-Clothing & Textile.

## Fielding and Ordering Information

The IFAK was provided to all deployed and deploying units by the RFI. The IFAK is AAC "L" (local purchase) and units are able to purchase additional IFAKS via standard Class VIII methods. The IFAK will be a CIF issued item.
